

Appreciation for Content Development for Curriculum

The faculty members teaching a particular course of the AKTU prescribed curriculum (minimum 3 credit course) are encouraged to develop the course content as per the parameters set by the expert committee or subject experts of that domain.

The content developed by a subject team will be reviewed by a review committee at the central level comprising of internal / external experts. If the content developed is found satisfactory, the institute will acknowledge the efforts of the team and certificate of appreciation will be awarded to the team.
