ABES Achievements <achievements@abes.ac.in>

Thu 3/24/2022 4:51 PM

To: **All Staff Members** <staff@abes.ac.in>; **All Faculty Members** <faculty@abes.ac.in>; **Vertical Heads** <verticalheads@abes.ac.in>; **Academic Heads** <academicheads@abes.ac.in>; **Service Heads** <serviceheads@abes.ac.in>

Cc: **Shashwat** <shashwat@abes.ac.in>; **Director** <director@abes.ac.in>; **Sachin Kumar Goel** <sachin.goel@abes.ac.in>; **Neeraj Goel** <neeraj@abes.ac.in>

Dear All,
Greetings!!

The Department of Computer Science is pleased to announce that 5th Memorandum of Understanding (MoU) has been signed between **ABES Engineering College**, Ghaziabad, and **M/S Shadow Solutions, Ghaziabad** on 24-03-2022 in CS Department Library.

The MoU was signed and delivered on behalf of **ABES Engineering College** by

Prof. (Dr.), Pankaj Kumar Sharma HoD-CS in the presence of **Mr. Ashwin Perti, Assistant Professor, Department of Computer Science** and **Ms. Sapna Jain, Assistant Professor, Department of Computer Science**, and Ms. Sonia Lamba, Ms. Shaili Gupta, Ms. Vanshika Rastogi, Ms. Shruti Keshari, Ms. Charvi, Ms Abhilasha Varshney, Ms. Somya Srivastav.

with

M/S Shadow Solutions, Ghaziabad by **Mr. Shubham Chaturvedi, Founder and Director, along with his team member.**

Both parties gave their brief presentations.

About M/S Shadow Solutions:

Shadow Solutions is Tech Startup based in Ghaziabad, which is growing at an exponential rate as prominent software development company, providing Website, Hybrid-Applications and ERP developments. It also has a separate brand Tracerz (tracerz.in) which works independently providing Fleet Management Solutions focused in Logistics sector, Tourism industry, Education institutions, and many more.

Objectives of this MOU are:

1. To promote interaction between ABES Engineering College, Ghaziabad, and M/S Shadow Solutions in mutually beneficial areas.
2. Senior officials from the company will share their knowledge and experience by delivering expert lectures and participating in seminars, workshops and other academic activities of ABES Engineering College.
3. M/S Shadow Solutions may offer summer internship to interested students of ABES Engineering College at its offices/project-locations.
4. The company will give permission for periodic field visits to faculty and students of ABES Engineering College at its project sites.
5. The company may give permission to students of ABES Engineering College for undertaking academic projects at their site/plant location for project of mutual interest.
6. To design and deliver modular courses relevant to the industry after mutual consultation with the senior professionals of the company.
7. Both parties will work on developing testing and consultancy facilities as per requirement.
8. M/S Shadow Solutions may give preference to bright students of the college for Placement as and when required.

"Dept. of CS is committed to connecting other renowned industries with more such useful MoU's in the future."

Few glimpses of this tie-up are as under:

Dear Ma'am,

Thanks for the quick response, we will be conducting a Telephonic short interview just to check their skillset on Saturday 1st Half or Pre-Lunch & most probably the results will be announced between coming Monday to Wednesday, in the result announcement date we will provide you some tentative dates, which will be most probably 16th Aug.

Thanks & Regards,

SHADCCW

Dear Sir,

As per our conversation I am sharing the three best suited profiles for the internship in React Native for UI(front end) development, from our final year batch. All these students have worked in the desired technology on various projects. Please have a look and revert with following details:

1. Selection Procedure.
2. Tentative Schedule for the procedure
3. Tentative date for Result announcement

4. Tentative date for joining .

Request to keep all in loop. All are Class coordinators of final year.

Respected Class Coordinators of final year, please make sure the smooth conduction of interview process.

Thanks and Regards,
Sapna Jain

Subject: Re: Proposal for funded project or Competition

Respected Nishant Sharma ji and Shubham Sir,

Our all team members discussed your above mentioned 'Proposal for funded project or Competition' and found that point number 5,6,and 7 are not as per our discussion that held in virtual meet.

Committee has decided not to go ahead with this proposal as profit of students is nominal.

Committee has decided to organize National -level hackathon soon, sponsored by ACM, as per ABEEEC norms. You are cordially invited to associate with us in that.

Thankyou for giving us the opportunity to work with you on this project. Hoping to get more proposals in future on which we can work together.

Thanks and Regards,
Sapna Jain

Subject: Re: Proposal for funded project or Competition

Dear Ma'am,

As discussed on G.Meet, there is only one problem statement which is our app & we expect an aggressive approach to start this competition/hackathon asap.

We look forward to organise a competition for one of our commercial project, with the following project:

The modified proposal for competition:

- 1) There will be teams fighting with each other to make a prototype of the app within 48hrs
- 2) Team will consist of students no more than 7 students and no less than 3 students
- 3) Team Leaders will submit their list of team with their roles and responsibilities.
- 4) Once the prototype is submitted by every team leader, we'll take 24hrs to get approval by client and accordingly we'll select teams.
- 5) The selected teams will sign an undertaking for clients code and data confidentiality & will get Rs 10,000 as winning amount, after which they will be bound to work on project.
- 6) Selected teams will have 1 month for completing the project full-fledged (our company will take atmost responsibility based on faculty feedback).
- 7) After completion of Project, winning team students will get internship letters and reward of Rs40,000 (Can be increased based on performance) by the 10th of next month

Once the teams are completed, we will conduct a G.Meet with all Team Leaders to give them over view of the project and proposed Figma design to let them understand the features and functionality of the Application, which is supposed to be made using cross-platform(hybrid code) using Flutter or React-Native only.

Figma designing for getting idea about what functionality and feature we need in our application(Designing is not an proposed UI for development, it is just for getting an idea about it)
