Dear All,

**Greetings of the day!!**

It gives me immense pleasure in sharing that the Department of Computer Applications (MCA) at ABES Engineering College (**College Code-032**), Ghaziabad is organizing संवाद series on "Bootups- INCLUSIVE and SUCCESS STRATEGIES for placement – A WAY FORWARD" with the association of CSI through MST platform. The Webinar series is organizing with the aim of taking initiatives to reach out the knowledge and experience of the placed students for quality improvements and quality sustenance.

This interaction turns out to be an especially effective kind of social network between them. Inclusive education is when all students, regardless of any challenges they may have, are placed in age-appropriate general education classes that are in their own neighborhood schools to receive high-quality instruction, interventions, and supports that enable them to meet success in the core curriculum.

**Details of session-1 are as follows:-**

## Greenhouse Helmet

Waldemar designed the "Greenhouse helmet" (patented in 1986) that allows the wearer to "breathe in the oxygen given off by the plants".

Anguita designed the portable helmet

WALDEMAR ANGUIITA  
GREENHOUSE HELMET  
Patented August 10, 1986  
No. 4,019,200

The diagram shows a person's head wearing a helmet. Inside the helmet, there are plants growing in a container. Labels 'A' through 'G' point to various parts of the helmet and the internal plant system.

Dear All

Greetings of the Day...!!!

Department of Computer Applications (MCA) at ABES Engineering College (College Code-032) is organizing an online interaction cum guidance “Path Pradarshak - A Helping Hand for Infosys Drive”, for the students of MCA who have successfully cleared InfyTQ Certification first and advanced round and are preparing for pre placement interview, on 23 April 2022, Saturday. The guest speaker is **Mr. Raman Tarika, Manager Consultant, Deloitte**. Mr. Tarika had worked with Infosys for 10 years and now he is associated with Deloitte. He is our MCA alumni (MCA – 2009 Batch).

### Objective:

The objective of the interaction is to provide guidance to students about the interview procedure and the skills that the students need to enhance to crack the interview.

### Expected Outcome:

To gain insights about the interview process and skills.

Dear All,

Department of Computer Applications (MCA) at ABES Engineering College (College Code-032) organized an online interaction cum guidance “**Path Pradarshak - A Helping Hand for Infosys Drive**”, for the students of MCA who have successfully cleared InfyTQ Certification first and advanced round and are preparing for pre placement interview, on 23 April 2022, Saturday. The session was delivered by **Mr. Raman Tarika, an Alumnus of ABES Engineering College and working as Manager Consultant, Deloitte (MCA – 2009 Batch).**

**Talk covered the following points:**

- Gave guidance about the interview process.
- Guided about various interview questions along with suitable answers .
- Guidance about the behavioral ability along with technical ability .
- Advantages of projects undertaken, software skills, etc. in job selection.

Mr. Raman Tarika discussed about the questions that can be asked during the interview and also guided the students how to answer it. He discussed various behavioral and technical tips with students to crack an interview. He laid emphasis that students must have the learning ability and their answers must show that they have the hunger to learn, ability to learn and grow. It was an interactive session and students asked various queries to which Mr. Raman answered very well. He told students to learn basic OOPs Concepts, some basic programs, Basics of Agile technology, React JS.

Dear All,

Greetings of **the** day...!

**The** Department of Computer Applications (MCA) is going to organize a **coding** competition bearing title “**Code The Code Series, 2022**” for MCA 1<sup>st</sup> year students.

**Code The Code** is a **series** of programming contests in which participants are asked to solve complex algorithmic challenges in a limited amount of time. Participants can use **the** programming language of **their** choice.

**The** first **event** of this **series** is going to be held on 26<sup>th</sup> April 2022, which is a qualifying round (MCQ's) and **the** second **event** of this **series** is a final programming round (Hacker Rank Platform) on 30<sup>th</sup> April 2022.

#### **The Objective of the Event:**

- To assess **the coding** skills of students.
- To improve **the** problem-solving skills and logical ability of students.
- To make students aware of **the** online **coding** platforms.

#### **The Expected Outcome:**

- To enhance **the** employability of **the** students.

**Details of the Event** are as under:

#### **1st Activity**

**Code The Code** Preliminary round on 26th April 2022 from 4:00 PM -5:00 PM

#### **2nd Activity**

Dear All,  
Greeting of the Day!!

Department of Computer Applications (MCA) at ABES Engineering College (College Code-032) organized an online interaction cum guidance under the series “Path Pradarshak - A Helping Hand for CISC O Drive Preparation”, for the students of MCA, who are pursuing Networking Certifications, on the 28<sup>th</sup> May 2022, Saturday. The speaker was Mr. Vishal Chauhan (MCA 2022 Batch), who got placed in CISC at the package of 14.95 LPA.

**The talk covered the following points:**

- Gave guidance about the interview process of CISC.
- Guided about various interview questions along with suitable answers.
- Guidance about behavioral ability along with technical ability.
- Advantages of communication skills, projects, software skills, etc. in job selection.

Mr. Vishal discussed the various rounds of the interview process and also guided the students on how to clear it. He discussed various behavioral and technical tips with students to crack an interview. He laid emphasis that students must learn new technologies and implement that through projects. He guided that students' resumes must have enough material that allows the interviewer to question them. It will also help to divert the interviewer. It was an interactive session and students asked various queries which Mr. Vishal answered very well. He told students to learn basic OOPs Concepts, Data Structure Concepts. He also advised students to do competitive programming through lead code, and code chef-li
